## FOOD SNOB'S DANISH BLUE!

**FOOD SNOB DANISH CREAMY BLUE IS AN EXTRA CREAMY BLUE VEINED CHEESE WITH A SEMI SOFT, CREAMY TEXTURE CHARACTERISED BY A SHARP, SALTY TASTE.**

The extra creaminess comes from a creamier milk compared with what is used in most standard blue cheeses. This wonderfully versatile cheese can be served crumbled on salads, as a dessert cheese with seasonal fruit as part of a cheese platter, served alone with beautiful breads or savoury crackers (which is the traditional in Denmark) or place a wedge on a plate, drizzle with honey and serve with a few prunes soaked in Port and some thin slices of sourdough bread.
